### SMART Laundry Management Software

## A quick look of the SMART Laundry software

Pickups from website: -

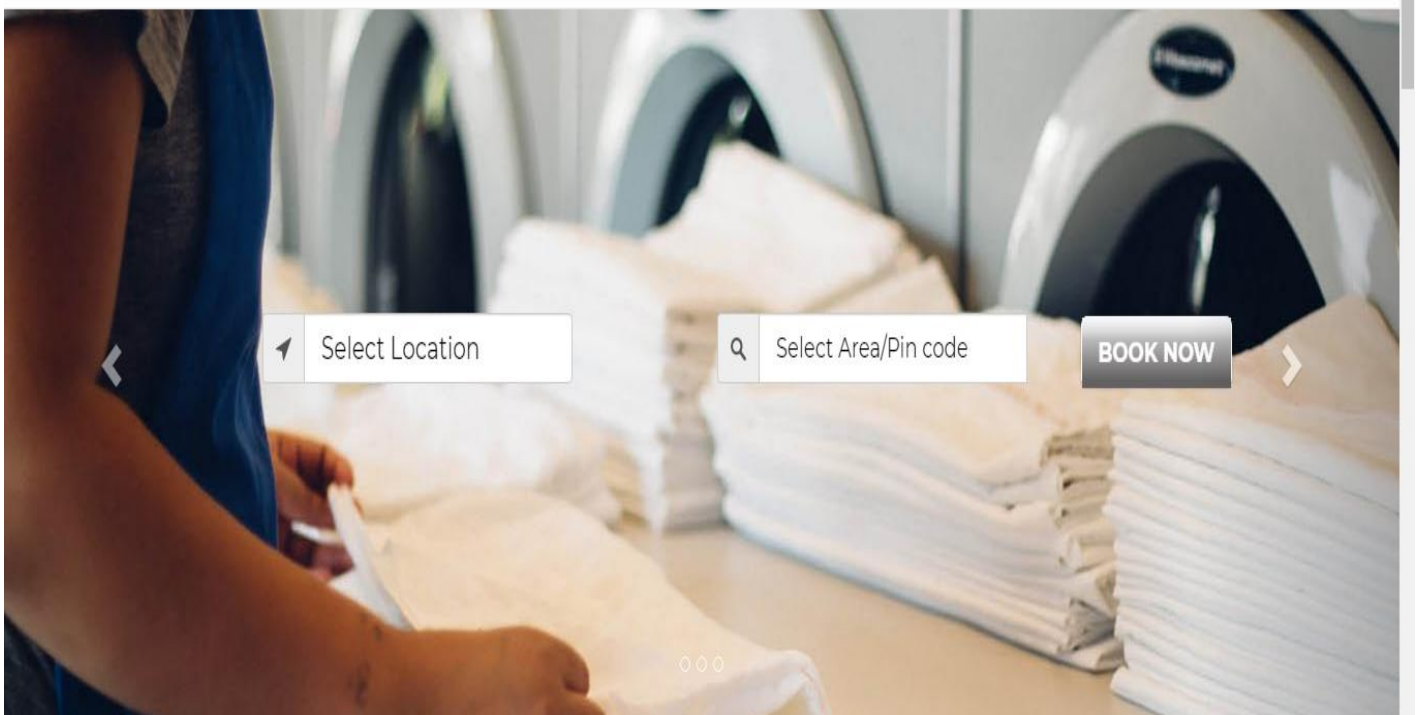

In order to schedule a pickup to a particular laundry, customer visits the website and selected the store location and his or her own location.

S.M.A.R.T Laundry

+91 835-583-9239 / +91 836-907-1078

[HOME](#) [ABOUT US](#) [SERVICES](#) [HOW IT WORKS](#) [CONTACT](#)

Once the customer has selected the store and location, they need to fill out the basic details in order to schedule a pickup.

The screenshot shows the S.M.A.R.T. Laundry website interface. At the top, there is a header with the logo, contact numbers (+91 835-583-9239 / +91 836-907-1078), and navigation links (HOME, ABOUT US, SERVICES, HOW IT WORKS, CONTACT). Below the header, a modal form titled "Customer Details" is displayed. The form contains fields for Mobile No. (9819898283), Name (Salman), Address (Office No.09, Sector 14, Plot No 59, below Gahlot Management Institute, Koper Khairane, Navi Mumbai, Maharashtra 400709), Email Id (marketing@gmail.in), Area/Pin Code (Sector 1), Remark for pickup (Urgent Pick up), and Promo Code. Below the form, there is a "Schedule Pickup" section with a "Pick Up Time" field showing "01-Nov-2020" and "10 AM - 11 AM". At the bottom of the form, there are "Book Now" and "Reset" buttons.

Customers will receive a booking summary after placing a pick-up request on the website.

The screenshot shows the S.M.A.R.T. Laundry website interface after a successful booking. At the top, there is a header with the logo, contact numbers (+91 835-583-9239 / +91 836-907-1078), and navigation links (HOME, ABOUT US, SERVICES, HOW IT WORKS, CONTACT). Below the header, a confirmation message is displayed: "We've received your request, so sit back & enjoy." Below this message, the title "Pickup Scheduled" is shown. A table lists the booking details:

Booking ID	Q-668
Name	Salman

## Dashboard Part 1

You can check serviced challans and garments on a daily, weekly, or monthly basis, as well as payment from customers and expenses. You can also see graphs for challans and new customers registered on your software.

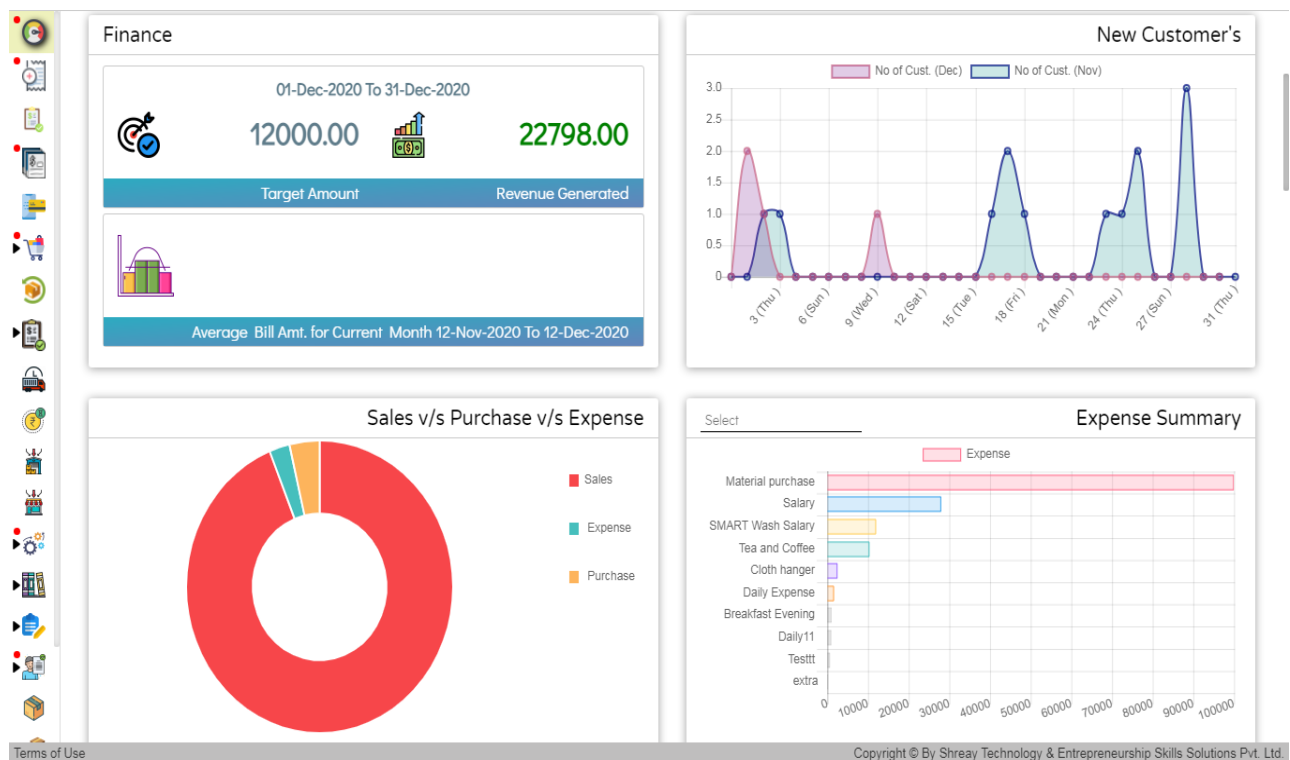

## Dashboard Part 2

In the dashboard, you can set the target amount for the store for a month and devise a strategy around it.

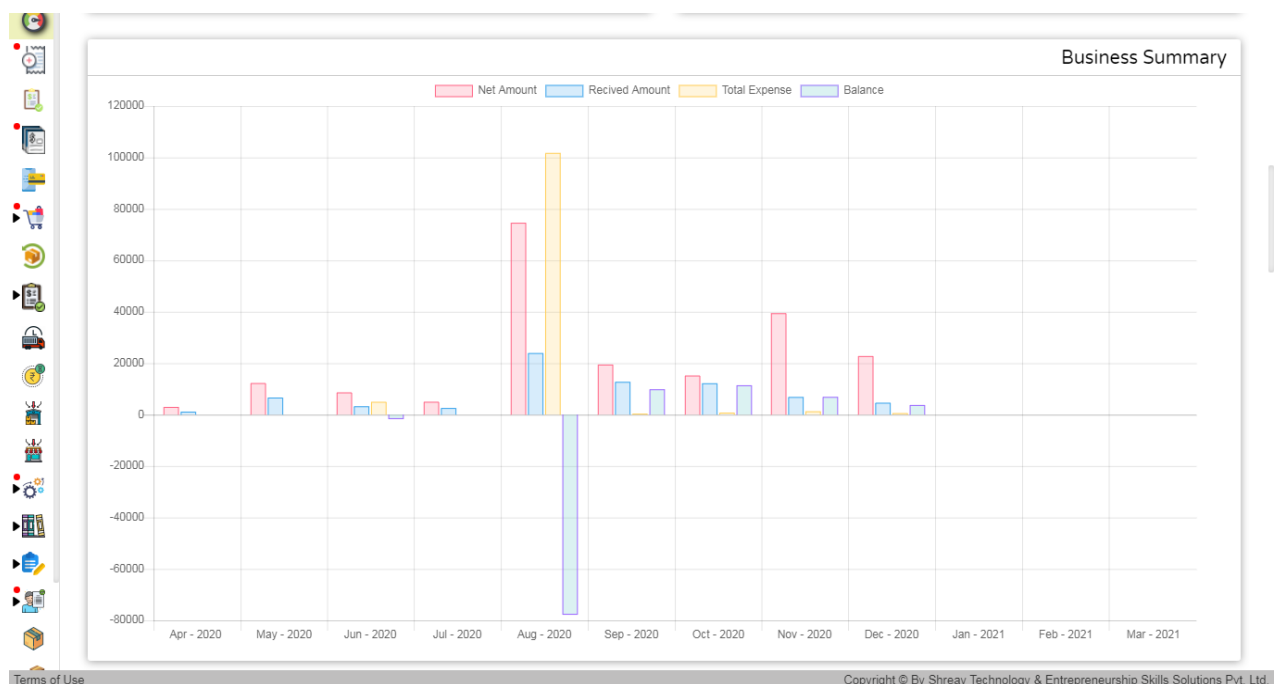

In the graph, it is possible to compare the new customer registration in the software with that of the previous month.

It is possible to tally the business's sales, purchases, and expenses. As shown in the image below, the expenses for the store can be easily analyzed on a graph.

## Dashboard Part 3

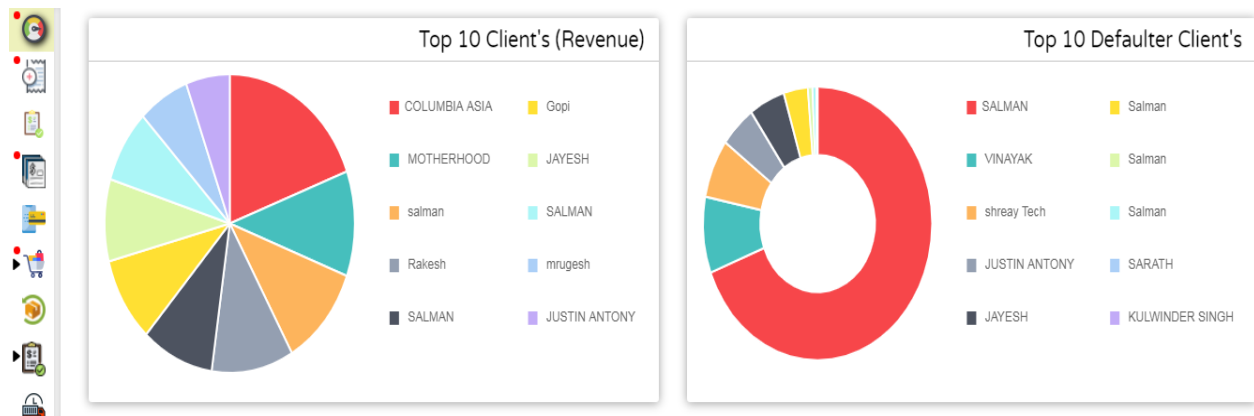

The Dashboard shows the Business Summary report for the overall business on a graph.

## Dashboard Part 4

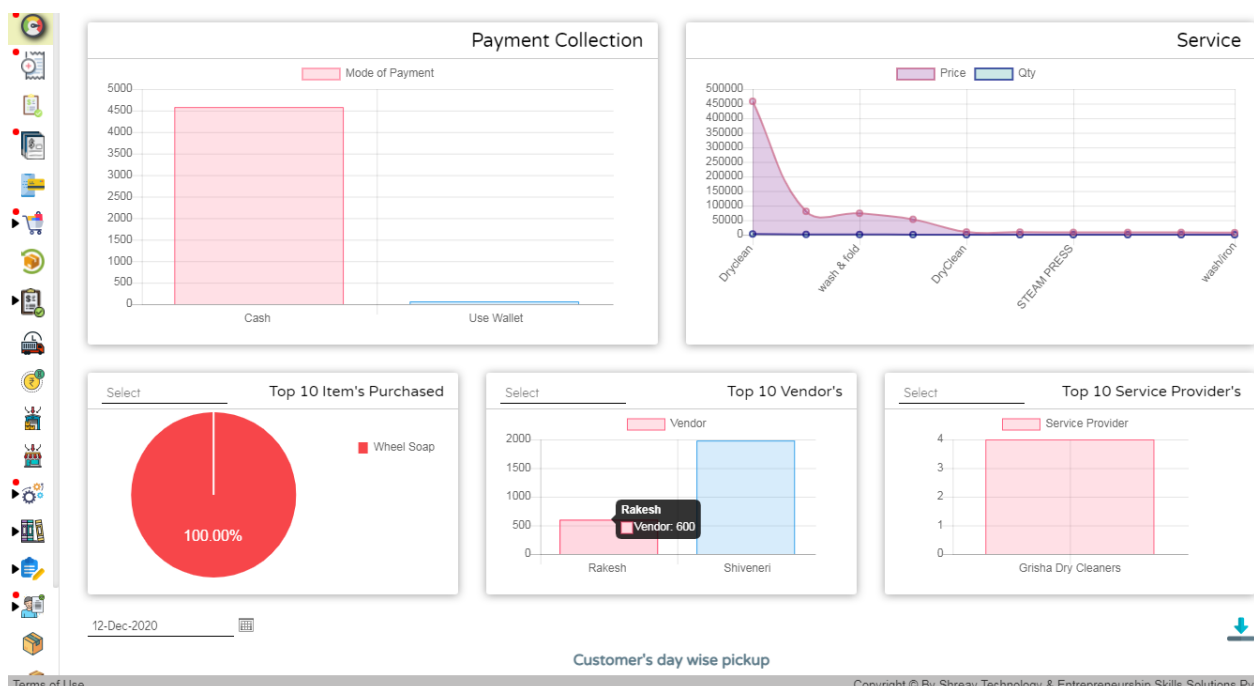

On the below graph, you can get the Top 10 customers who visit your business frequently and on the other, you can get the defaulter customers who have high pending balances in the software. When you move the cursor on the graph, you will get the details with the customer's name and amount.

## Dashboard Part 5

Payment collection for the business can be checked from the dashboard graph, and you can compare service v/s quantity.

Additionally, there are three graphs that show Top10 items purchased for the business, Top10 vendors from whom you have ordered materials for the store, such as chemicals, hangers, packing materials, detergent power, etc., as well as Top10 service providers.

## Dashboard Part 6

Check day-wise pick-up on the website as well as scheduled pick-ups by customers and day-wise delivery as well.

## Booking challan

### Booking challan part1 with customer details

During order taking, store managers must fill out details like customer names and add items to the list. A shortcut code can be used to quickly add the item to the list or by typing the service and item name manually.

Adding an item is as simple as selecting the garment image and clicking "+" to add it or clicking to remove it.

## Reports

With SMART Laundry software, you get 360-degree reports for your business. Every order, garment, and transaction will generate reports based on your business needs, including Challan reports, invoice reports, financial reports, factory reports, business summary reports, etc.

## Challan Report

A challan report form gives you the data associated with the challan, such as the number of the challan, the date when the challan was generated, the customer's name, the customer's contact number, as well as the total amount.

In the productivity report, you can see payment collected from customers and how many deliveries and pickups are done by the pickup and delivery boys every day and every month.

Using the login detail report, you can generate reports for users and administrators to track when a particular user logged in and when he/she logged off.
